Global vs Regional Policy

- Global Policies decide how Internet number resources are distributed to RIRs
- The same text must be accepted by all RIRs communities. The submission to the Address Support Organisation Address Council (ASO AC) is done with the coordination of the Policy Proposal Facilitator Team (PPFT) which includes a member from each RIR.
- Regional Policies decide how Internet number resources are distributed by RIRs
- Inter-RIR transfer policies are Regional Policies.
